

REMARKS

Applicant respectfully requests entry of the present amendment. No new matter is being introduced as support is found throughout the specification, e.g., bottom of page 12 to page 13.

Applicant respectfully submits that the Baldwin et al. reference fails to teach that the location where label 12 is placed is indicative of the type of syringes that are attached to the web. Instead, the label 12 merely contains information about the contents of the syringe as opposed to the syringe itself.

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

Dated: March 31, 2004

~~Respectfully submitted,~~
